

Inspection Hatch

rectangular cover plate

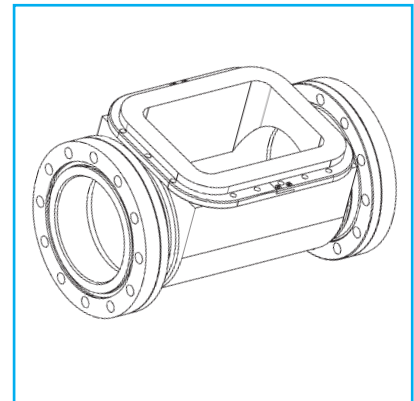

Up to 4 bar (Version 1)
Optional with stand

Cover for scraper (pig) trap

Up to 16 bar (Version 2)

Optional: Both ends with flanged connection solution

- ▶ **PE 100 - SDR 17 / 11**
- ▶ Consisting of: a strengthened, profile body, galvanised bolt set/flange, EPDM O-ring seal
- ▶ From d 250 mm, long spigot for electro fusion coupling
- ▶ Version 1: up to 4 bar
- ▶ Version 2: up to 16 bar, galvanised strengthening ribs, tensioning straps with Elastomer
- ▶ Optional: with **REINOLGRIP** coupler, flanged connections for both sides of the fitting, stand

Advantages:

- ▶ Simple disassembly
- ▶ No corrosion
- ▶ Limited weight
- ▶ Cost savings by being weldable

Tender Specification:

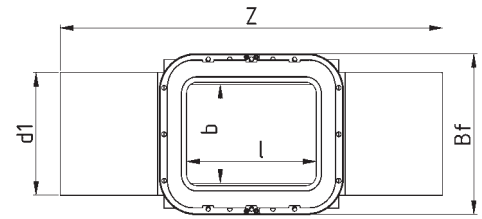

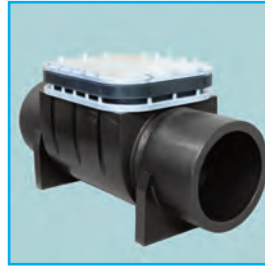

PE 100 profile tee piece, d 250 mm, SDR 17, galvanised bolts and flange, O-ring seal, up to 4 bar, cover for scraper (pig) trap, long spigot for electro fusion coupling
